

COVID-19 Polices – Revised as of October 1, 2020

Statute of Limitation. At this time, the Trust will continue to enforce deadlines for the filing of claims set forth in Section 5.1(a)(2) of the TDP. However, in recognition of the inability of many claimants to file their claim on a timely basis as a result of circumstances related to the COVID-19 pandemic, the Trust will extend the applicable limitation period for 90 days for claims whose limitation period expires during the period from February 28, 2020 through December 31, 2020.

Deficiencies, Offers and Deferrals. The Trust recognizes the inability of many claimants, as a result of circumstances related to the COVID-19 pandemic, to respond to deficiencies and offers in the time frame required. As such, where the time to respond to a deficiency or offer expires during the period from February 28, 2020 through December 21, 2020, the Trust will extend the time for 90 days. Any deferral periods that expire during the period from February 28, 2020 through December 31, 2020 will also be extended for 90 days.

Affidavit. In light of current guidelines related to the COVID-19 pandemic, the Trustee recognizes that some claimants may not have access to a notary. The Trust may accept the signature of one witness (related or unrelated) as reliable authentication of an affidavit if the affidavit was executed and submitted to the Trust during the period from February 28, 2020 through December 31, 2020. The Trust will also accept the authentication of affidavits through DocuSign or similar Trust authorized electronic signature program, provided that documentation of the electronic signature history and a certificate from the electronic signature program is submitted with the affidavit. The Trust reserves the right to request supplemental documentation at a later date.

Releases. In light of current guidelines related to the COVID-19 pandemic, the Trustee recognizes that some claimants may not have access to a notary or to two unrelated witnesses for the authentication of releases. The Trust may accept the signature of one witness (related or unrelated) as reliable authentication of a release if the release was executed and submitted to the Trust during the period from February 28, 2020 through December 31, 2020. The Trust will also accept releases executed using DocuSign or similar Trust authorized electronic signature program. If the claimant utilizes DocuSign or other Trust authorized signature program, documentation of the electronic signature history and a certificate from the electronic signature program must be provided with the release. The Trust reserves the right to request supplemental documentation at a later date.
